

REGISTRATION AND LICENSING DIRECTION

Current and updated as of: December 19, 2025

Approval of Academic Programs/Education Facilities

Purpose:

To identify approved academic/ educational programs of physiotherapy studies.

Policy:

The Council considers the applicant's program of physiotherapy studies to be approved if:

1. The candidate graduated from a Canadian university entry to practice physiotherapy program that has received accreditation.

or

2. The candidate is eligible to sit the entry to practice examination approved by Council (see policy Approved Entry to Practice Examination) on the basis of the approved third-party vendor's examination credentialing process.
