

REGISTRATION AND LICENSING DIRECTION

Current and updated as of: October 15, 2024

Membership In Good Standing

Purpose:

This policy clarifies the definition of membership in good standing required by the College of Physiotherapists of Manitoba (CPM) and is consistent with *The Physiotherapists Act* and Regulation 6(1)(f).

Policy:

The Council considers proof of membership in good standing to be: A signed declaration by the last two physiotherapy regulatory bodies with which an applicant was most recently registered (if applicable). The declaration attests to the fact that the applicant was registered for a period of time and during that time, was or was not the subject of an investigation or disciplinary action. The declaration also covers pending investigations. A professional association is not considered to be a regulatory body.

Procedure:

The applicant will be required to sign an agreement to authorize the previous or current regulatory body to release the requested information.

The document must be provided directly to CPM from the sending regulatory body and must be provided by an official from the regulatory body.
