What is a College Selected Activity?

The College Selected Activity is an activity:

- Approved by Council, that may be in the form of education modules or other formats
- Based on our Standards of Practice/Practice Directions, Code of Ethics, or legislation relevant to physiotherapy practice
- Released to registrants with completion required prior to renewal
- Mandatory for renewal, conversion of license, or registering with the college for the first time

When do I complete the College Selected Activity?

You must complete the College Selected Activity before you renew your license to practice, if you are converting from In-active or Exam Candidate to Active, or registering with CPM for the first time.

CPM will let you know when the College Selected Activity is available for online completion and will provide access instructions and any details as to what is required.

When the College Selected Activity is open for completion may vary from year to year. CPM will give registrants an adequate amount of time to complete the activity before renewing their practice permit**.**

I am on the In-active Register and not working. Do I still need to complete the College Selected Activity?

No. BUT…. You will be required to complete the College Selected Activity when you return to the Active practice register.

I plan to retire next year. Do I still need to complete the College Selected Activity?

Yes. If you plan to renew your license in January you will be expected to complete the College Selected Activity. If you do not, and if you choose to return to the Active register, your application will not be considered until you complete any outstanding activities.

How much time do I have to complete the College Selected Activity?

This will vary year to year. Some years there may not be a College Selected Activity - this will be determined by the Council and clearly communicated to you.

Notification will be emailed to registrants individually, posted on the website, and included in your renewal notification packages.

For renewal in 2027, you must complete the College Selected Activity by Friday, December 11, 2026.
